

DIRECT™

WIRE & CABLE

Welding Grounds

Designed for ready to weld leads. Saves time, labor, and cost, while improving the finished assembly quality

- Resists abrasion, cut, tear, flame, grease, oil, and water
- Stocked in Lenco and Tweco connectors
- Meets SAE J1127
- National Electrical Code article 630 electric welders
- RoHS Compliant
- VW-1 as per UL2556
- Made In The USA

CONSTRUCTION:

Highly flexible 30 gauge copper

INSULATION

EPDM jacket and paper separator

TEMP RANGE

-50°C to +105°C (-58°F to +221°F)
Rated to 600 Volts

STOCK SIZES

25, 50 and 100 ft coils

PACKAGING

Coil, boxed, and shrink wrap

COLORS

Custom colors available upon request

Cable Options

Custom extruded stripe, indent, surface print, and logos
