

## Welding Leads

Designed for ready to weld leads. Saves time, labor, and cost, while improving the finished assembly quality

- Resists abrasion, cut, tear, flame, grease, oil, and water
- Stocked in Lenco and Tweco connectors
- Meets SAE J1127
- National Electrical Code article 630 electric welders
- RoHS Compliant
- VW-1 as per UL2556
- Made In The USA

### CONSTRUCTION:

Highly flexible 30 gauge copper

#### INSULATION

EPDM jacket and paper separator

#### TEMP RANGE

-50°C to +105°C (-58°F to +221°F)  
Rated to 600 Volts

#### Stock Sizes

25, 50 and 100 ft coils

#### Packaging

Coil, boxed, and shrink wrap

#### COLORS

“Color Icons” Custom colors available upon request

#### Cable Options

Custom extruded stripe, indent, surface print, and logos
